

New York State School Environmental Health Conference 2024

Climate Action in Schools: Prevention, Preparedness, Response, and Resilience

About the conference

This free conference provides practical solutions related to school environmental health. This year's theme of climate action will share best practices, information about emerging concerns, and funding mechanisms to assist schools in meeting the challenges of climate-resiliency.

Who should attend

School professionals including administrators, facilities managers, nurses, and teachers are encouraged to attend.

State agencies, environmental health associations, advocacy groups, and non-governmental organizations are also welcome to attend.

Topics

- Decarbonization
- Flood/Disaster preparedness
- Electric buses
- Extreme heat
- Other related topics
